

JA Stock Market Challenge®

Turn the stock market into a live competition! Students invest funds, track market performance, and discover how economic decisions impact real-world investing through the JA Stock Market Challenge!

Why Participate?

1. **Real-world Investing:** Experience the stock market in a risk-free simulation.
2. **Financial Literacy:** Learn investing, risk management, and market fundamentals.
3. **Teamwork & Strategy:** Work together to make fast-paced investment decisions.
4. **Competition:** Compete against other schools and earn recognition for success.

Curriculum

- Teachers receive access to the **JA Take Stock in Your Future® curriculum**.
- Students complete five classroom sessions to build foundational investing and financial literacy skills.
- Lessons explore topics such as the stock market, risk, diversification, and investment strategies.
- Students apply their learning during the JA Stock Market Challenge competition.
